

APPENDIX 7

Pollution Incident Response Management Plan

Publicly Available Information

This appendix has been prepared for purposes of making publicly available the requirements of the Pollution Incident Response Management Plan, which has been modified to exclude all personal information relating to the Privacy and Personal Information Protection Act 1998. In the event of the Pollution Incident Response Management Plan being enacted, whereby a pollution incident occurs that involves potential or actual harm to the health or safety of human beings or to an ecosystem that is not trivial, as prescribed in the Regulations, the following contacts are to be notified.
